

Supervisors Role in Safety & Health

1 Who Should Attend . . .

This program is a must for anyone concerned about health and safety on the job including:

- ▶ Managers concerned about liability and workers' compensation costs
- ▶ Employees who want to learn proper techniques for protecting their safety and health at work
- ▶ Business owners who want to learn about compliance with MIOSHA

2 Why you need this Seminar . . .

- ▶ To reduce disabling injuries and illnesses to employees - and to ensure that every worker goes home safe and healthy every day.
- ▶ To reduce the high direct costs of work-related injuries, which grew to \$42.5 billion nationally in 2000, and indirect costs, which were estimated at an additional \$127 - \$212 billion in 2002. (2003 Liberty Mutual Safety Index.)
- ▶ To enhance your company's bottom line. A strong safety and health commitment not only protects workers, it also reduces worker's compensation costs, improves employee morale, and increases production and quality.

3 What You'll Learn . . .

This seminar is designed for first line supervision, safety and health committee members, and management personnel. The duties and responsibilities of the supervisor/manager, typical of an effective safety and health management system, are examined. Topics include safety and health training, accident investigation, hazard recognition, job safety analysis, and workplace inspections. The program will cover health and safety responsibilities that include self-inspection techniques, job safety analysis, accident investigation, hazard recognition and employee training. This program gives tips to supervision on methods to integrate health and safety into their daily duties and responsibilities. Using MIOSHA standards and required written programs as a baseline, supervisors are given suggestions to improve their safety and health hazard recognition. Motivational techniques are provided to address those who fail to follow safe and healthy work practices.

Agenda

- ▶ An Overview of the Services Provided by CET
- ▶ Supervisor Role in Safety
- ▶ Accident Investigation
- ▶ Required Written Programs
- ▶ Hazard Recognition

Facilitator

Jennifer Clark-Denson has over 10 years experience in occupational safety. Prior to joining the CET Division as an occupational safety consultant, she spent time working as a General Industry Safety Officer for MIOSHA where she was responsible for inspecting a wide variety of work operations to observe and identify potential violations of MIOSHA safety standards. Her previous work experience includes positions as an Environmental Consultant and Code Compliance Officer.

Jennifer currently provides occupational safety services to Wayne, Monroe, and portions of Macomb counties. She has both a Bachelor's degree in Industrial and Environmental Health Management from Ferris State University, and a Masters degree in Human Resource Management from Davenport University.
